

CASKADE

CASKADE is a pale golden beer brewed with **Optic Malt** and 'Cascade' hops which give a distinct floral hoppy taste and aroma.

Yeast is the Hallmark of a natural Beer and produces the sparkle and sediment characteristic of bottle conditioned living Beer. Store upright, serve lightly chilled and **pour with care** to leave the natural sediment in the bottle. Ideally served at 12-14 degrees Celsius.

4.2%ABV

Brewed by **Oldershaw Brewery** Harrowby Grantham, brewers of traditional cask and bottle conditioned beer.
